TEACHING FOR RETREATS - WORKSHOPS - CHURCH SERVICES - CONFERENCES

Sharing your faith in today's business environment is often discouraged out of respect for the diversity of religious beliefs and practices in the workplace. To honor the wishes of those that invite me into their organization, as a speaker & consultant I offer leadership develop training through ronminatrea.com that is "strictly business."

But through Faith Matters I offer churches and faith friendly organizations these same insights, and more, all in the context of what the Bible has to say about our leadership, identity, and purpose.

I want to help people realize that they don't have to become a pastor or full time missionary to be fully devoted to God.

In fact, they may be right in the center of God's call on their life by getting up and going to work every day in the marketplace, making a good living, setting a great example, and actually changing the world around them through a quiet influence and spirit that draws other people to them – and to God, and His ways of working, living, and leading.

Living with the Midian Mindset

Moses spent 40 years between living as a prince in the palace & meeting God in a burning bush.

Explore the life & leadership lessons he learned during those years in Midian that left him no longer running from his past – nor pressured by his future.

OUTPOST

Some say social conscience has replaced biblical principle as the moral compass of our society.

OUTPOST helps equip the church to reverse this trend using proven business practices coupled with the Spirit's breath of life to accomplish our biblical mission.

If your church or organization is looking for a speaker, a teacher, or leadership development training rooted in biblical principle, call or email to discuss how we can partner to help those you serve become more effective in their work, stronger in their faith, and better equipped to help other people.
